EXPERIENCE

Backend Developer

WorkLooper Consultants Pvt. Ltd., Noida

Duration: 6 Months

- Worked on backend development using Node.js, Express.js, and MongoDB to build dynamic web applications.
- Developed and integrated RESTful APIs for efficient communication between frontend and backend.
- Implemented user authentication to ensure secure access and data protection.

EDUCATION

- **APJ Abdul Kalam Technical University** 2024
- Bachelor Of Technology (C.S.E.)

PROJECTS

Project Name: Home Rental

Technology: React JS, Node JS, Express JS, MongoDB, TailwindCSS.

Project Details:

- Built a web application for property rental and booking in scenic locations like mountains and riversides.
- Enabled users to list their homes and explore stays across various destinations.
- Implemented wishlist and trip list features to enhance trip planning and user engagement.
- Focused on user-friendly design and seamless functionality to deliver an enjoyable booking experience.

Project Name: Admin Panel

Technology: React JS, Node JS, Express JS, MongoDB, TailwindCSS.

Project Details:

- Designed and developed an admin panel for a multi-game platform featuring Ludo, Snake, and Rummy.
- Implemented core financial functionalities including recharge, withdrawal, and wallet management.
- Integrated transaction history tracking to support transparency and user account monitoring.
- Streamlined admin operations for efficient user and financial management across all games.

Project Name: TextUtils Web App

Technology: React JS, TailwindCSS.

Project Details:

- Developed a utility web application for dynamic text transformation, including uppercase, lowercase, and reverse conversion.
- Implemented additional features like copy, clear, and first-letter capitalization for each sentence.
- Built functionality to remove extra spaces, enhancing the clarity and readability of user input.

SKILLS

- | | |
|----------------|-----------------|
| • DSA with C++ | • Python |
| • HTML | • Node JS |
| • CSS / SCSS | • Express JS |
| • JavaScript | • MongoDB & SQL |
| • React Js | • GIT & GITHUB |

CERTIFICATION

- I earned a certification in C++ and Python from Softcon.
- I focused on practical coding skills and development.
